Re: U.S. Application No. 10/590,889 filed June 4, 2007

TOTAL NUMBER OF PAGES, INCLUDING COVER PAGE, 1

Dear Examiner Rao:

This is to confirm our discussion of the subject case on Monday, March 30, 2009, pertaining to our post-allowance amendment filed January 30, 2009, requesting, among other things, removal of the term "about" from certain claims, and the Advisory Action of February 19, 2009, refusing to enter the same. After our phone conference with your supervisor Ardin Marschel pertaining to our request to amend the claims to remove the term "about," you called me on March 30<sup>th</sup> and informed me you had decided to enter the requested amendment in the subject claims to remove the word "about" in regard to the amount of the stabilizing substance in the composition. You said we would be hearing further from your office as to how you would act on the case given entry of this amendment and consideration of our associated arguments. In this regard we checked PAIR on April 10, 2009, and do not see where the promised Examiner's Amendment has been entered.

Please be kind enough to let us know the disposition of this case at your earliest convenience via either facsimile or e-mail (mgramham@lng-patent.com). I look forward to hearing from you soon.

Best regards,  
Mark
